(without excavation and  
concreting)

**Do not place stainless steel slide  
directly to south!**

Foundation should be  
accessible for maintenance.

Playground equipment steel foundation is concreted in the ground at the planned location. The equipment can be used after two days when the concrete becomes solid. During assembly no children are allowed in the area.

Equipment safety checkings must be performed once in a week in high vandalism risk area.

Maintenance is required once in every 3 months, depending on usage.

Transportation:

1 (one) palette:  
2 300 x 1 000 x 500 mm

Spare parts:

All needed spare parts and elements, when warranty time expires can be ordered in Jūrmalas Mežaparki Ltd., and all the goods will be ready for delivery in 5 working days.

According to EN 1176-1:2017

Manufactured  
according:  
07.11.2019.
