Required safety area: **26,02 m<sup>2</sup>**

(Install shock absorbing material according to EN 1176:2017)

**Do not place stainless steel slide directly to south!**

Foundation should be accessible for maintenance.

Playground equipment steel foundation is concreted in the ground at the planned location. The equipment can be used after two days when the concrete becomes solid. During assembly no children are allowed in the area.

Equipment safety checkings must be performed once in a week in high vandalism risk area.

Maintenance is required once in every 3 months, depending on usage.
